

Our three year old classes continue to expand on rapidly developing learning and skills. The rooms are set up in centers. Some typical centers are dramatic play, the easel, a writing center, block center, book center, science center, a sensory table and a prayer center. Children experience both self-directed and teacher directed activities during the day, as well as circle time and small group learning time with the teacher. Learning to recognize and write names is introduced as well as numbers and counting. Cutting, painting and manipulatives like puzzles strengthen fine motor skills to continue readiness for writing.

Children in our 3's classes should be potty trained without the use of pull ups by the first day of school. Children bring a lunch.

Our three year old program choices are:

Three days a week: Monday/Wednesday/Friday or Tuesday/Thursday/Friday

Four days a week: Monday/Tuesday/Wednesday/Thursday.

Hours are 9:30 am to 1:00 pm.
